# PLOT PLAN

This **PLOT PLAN** must be completed accurately and submitted with your Land Use Permit Application.

The **PLOT PLAN** must show the lot dimensions, lot frontage, lot depth, all existing and/or proposed structures and the distances to and from the proposed lines. Distances from existing and/or proposed structures to the property lines are measured from the overhangs (decks, eaves, etc.), which is the closest point of construction to the property lines. Locate and give any size of garage, if any, and if it is attached to the house, show location and size separate from house measurements. Also indicate the street(s) and road(s) by name.

If construction is within a shoreland area, please indicate the distance from the construction to the normal high water mark and/or edge of wetland.
